En France, le terme dialogue en ligne est recommandé officiellement par la Commission d'enrichissement de la langue française, depuis 2006.

#### Termes déconseillés

chat tchat

Chat et sa variante tchat ne sont pas acceptables parce qu'ils ne sont pas légitimés dans l'usage en français au Québec. En effet, ces termes sont critiqués dans la majorité des ouvrages de référence québécois. Ils ne s'inscrivent donc pas sans réserve dans la norme sociolinquistique du français au Québec.
